

Established in 1966, Law Services provides free civil legal representation and advocacy for low income and disabled residents of Long Island. During 2015, over 14,000 individuals benefited from our services. We assist low income and disabled Long Islanders dealing with access to health care and public benefits, housing and foreclosure, disability advocacy, veterans' benefits, consumer debt, and domestic violence cases. We also provide legal support and education to community agencies that work with the poor and persons with disabilities. With your support, we will continue to provide free, quality legal representation to Long Island's neediest residents.
